Our longer term national interest, our concern for the people of Iraq, our long-standing ties with the Gulf region as a whole, as well as our growing dialogue and strengthened ties with the U.S. have been key elements in this consideration.

India remains ready to respond to the urgent needs of the Iraqi people for stability, security, political progress and economic reconstruction. Where there be an explicit UN mandate for the purpose, the Government of India could consider the deployment of our troops in Iraq.

In the meanwhile, Government of India is ready to contribute to the restoration of infrastructure, medical, health, educational, communications and other civilian needs of the Iraqi people. As a concrete gesture of our support to the Iraqi people, we are already planning to set up, jointly with Jordan, a hospital in Najaf in Iraq."
